June 14, 2010

The Washington, D.C. office of Baker, Donelson, Bearman, Caldwell & Berkowitz, PC has moved to a new location at 920 Massachusetts Avenue N.W. Baker Donelson's offices occupy approximately 38,000 square feet on the ninth and tenth floors of the new building.

"Baker Donelson is continuing to grow its presence in the D.C. market, so having a centrally located, state-of-the-art office to accommodate that growth was essential," said J. Keith Kennedy, managing director of the Firm's Washington, D.C. office. "Our new location will allow us to continue to expand our capabilities to better serve our clients, while providing a positive work environment for our employees and effectively managing our costs."

Located in a Leadership in Energy and Environmental Design (LEED) Gold Certified building, Baker Donelson's new office space marks an increase in square footage from its previous 30,000-square-foot location.
