

OUR PRACTICE

Immigration (Cross-Border Business)

Immigration laws are complex and change constantly, and making sure our clients are aware of the rules and revisions and are doing what is necessary to meet their legal obligations requires a wealth of knowledge, experience and maneuvering skills. Baker Donelson's immigration attorneys know the arcane rules and processes required to coordinate the global movement of business personnel.

Our team leader, [Robert Divine](#), served as Chief Counsel and Acting Director of U.S. Citizenship & Immigration Services (USCIS) and is the author of *Immigration Practice*, a respected practical treatise updated and republished annually and used as a reference by immigration authorities nationwide. We use the latest technology and first class customer service to guide clients through the entire range of immigration processes geared to foreign investors, executives, managers, staff and their family members.

We know that these matters not only impact business owners and investors, but also that they affect real people and their hopes and dreams, and we treat each and every case with the personal attention it deserves.
